BRICKS

WELCOME TO FLOREN

Based in Brecht, Belgium, Floren.be has successfully undertaken a programme of strategic sustainable investment and has modernised its production methods in order to grow into a highly reputable, innovative brand recognised by designers and house builders throughout Europe and the UK.

Outstanding craftsmanship.
Sustainability and design intertwined.

Products are manufactured in accordance with the requirements of European Standard: EN 771-1 and BENOR norm: PTV 23-002.

Floren.be continues to gain international acclaim with its products specified on prestigious projects and receiving multiple commendations or awards both in the UK and in Europe.

DEFINE
new builds

i-line™ BRICKS

WELCOME TO i-line

A reflection of specifiers' and architects' demands for a product to fulfil the vision of modern, striking, contemporary design. Linear to offer an elongated elegance, i-line products can define new builds, harmonise with older brickwork to bring a modern vision to renovations and be as individual as every building deserves.

**Slimline, designed bricks.
Bring your project to life!**

Products are manufactured in accordance with the requirements of European Standard: EN 771-1 and BENOR norm: PTV 23-002.

SIZE GUIDE:

	Dimensional tolerance	Dimensional range	Freeze/Thaw Resistance	Active soluble salts content	Gross dry density	Compressive Strength (minimum)	Water absorption	Thermal conductivity
i-line FR5 POLARIS	T2	R2	F2	S2	1700 kg/m³	40 N/mm²	Less than 10%	0.55 (50%) W/m.K 0.63 (90%) W/m.K
i-line FR5 POLLUX	T2	R2	F2	S2	1700 kg/m³	40 N/mm²	Less than 10%	0.55 (50%) W/m.K 0.63 (90%) W/m.K
i-line FR5 BRIGAND	T2	R2	F2	S2	1700 kg/m³	40 N/mm²	Less than 10%	0.55 (50%) W/m.K 0.63 (90%) W/m.K
i-line FR5 ALASKA SINTERED	T1	R1	F2	S2	1400 kg/m³	40 N/mm²	Less than 14%	0.45 (50%) W/m.K 0.51 (90%) W/m.K
i-line FS5 CLASSIC COMMON	T2	R2	F2	S2	1700 kg/m³	40 N/mm²	Less than 14%	0.55 (50%) W/m.K 0.63 (90%) W/m.K

As i-line products are intended to be usable in combinations of length and bond patterns, Compressive Strength is quoted as a Normalised Value as defined in BS EN 772-1. i.e. Equivalent to a 100 mm wide x 100 mm high unit.

BUILDING MADE BETTER WITH **BIMBRICKS.COM**

Michelmersh remains at the forefront of industry innovation, by continuing to invest and evolve manufacturing processes. At the same time it leads the way in offering intuitive, informative and supportive product data through the most up-to-date construction technology procedures. Acting rapidly on the Government's Construction Strategy published in May 2011, Michelmersh responded with the first range of clay product files. As the first brick manufacturer to introduce Building Information Modelling (BIM) files in the UK, it is now delighted to see a surge in industry support, acceptance and participation.

Façade Designer

The Façade Designer is a fully customisable application tool featured on mbhplc.co.uk to give designers, architects and clients the ability to create their own multiple brick blended façade, choosing from the full core range. The Designer aims to inspire creativity, giving users the freedom to firstly choose brick types through colour, texture or size, proceeding onto a mortar colour, and lastly, selecting a bond to evolve the façade to their desired specification.

Once the design is complete, users are given the option to download their final façade design as a high-quality resolution image in multiple formats, and will also be sent the product recipe with relevant product page links, giving the chance to further download our BIM files or other technical data sheets.

BUILDING MADE EASIER WITH **MBHPLC.CO.UK/FACADE-DESIGNER**

THE benefits of brick

High Product Performance

-  Thermal Performance
-  Air Quality
-  Flood Resilience
-  Overheating
-  Non-combustible
-  Cavity Wall Construction
-  Class 0 Fire Rating above 18m

Sustainability

-  Longevity
-  Durability
-  Recycled Content
-  Low Operational Carbon
-  Adaptability
-  Reusable
-  Climate Resilience
-  Locally Sourced

Industry Preference

-  Matches UK Vernacular
-  Favoured By Planners
-  Product Quality Standards
-  Established Supply Chain
-  Aesthetics
-  Forgiving Of Tolerance
-  Variety Of Colours

Low Lifetime Cost

-  Low Cost & Strong Value
-  Low Maintenance
-  Financially Underwritten
-  Competitive Whole-Life Cost

HyBrick™

ENHANCING

our built environment

FOR GENERATIONS TO COME

Michelmersh Brick Holdings PLC strives to be a well invested, long term, sustainable and environmentally responsible business. We aim to lead the way in producing some of Britain's premium clay products and enhancing our built environment by adding value to the architectural landscape for generations to come.

Michelmersh Brick Holdings PLC holds the following accreditations:

- **Energy Management ISO 50001**
- **Environmental Management ISO 14001**
- **Quality Management ISO 9001**
- **Responsible Sourcing BES 6001**
