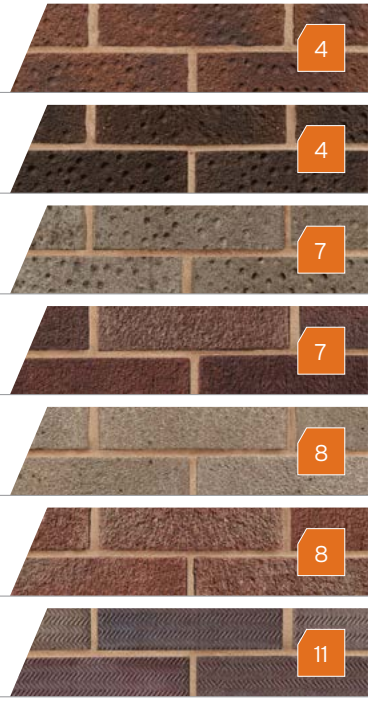
Britain's Brick Specialists

PERFECT DURABILITY

PERFECT STRENGTH

PERFECT PERFORMANCE

Capitalcollection



CAPITAL COLLECTION

The Capital Collection comprises seven brick types, presenting a range of colours and textures that are meticulously designed to match 20th Century brickwork. Complementing architecture from the post-war era, to contemporary designs on new builds, the collection's versatility, durability and affordability helps you to choose the right brick, first time!

To order, please call the sales office on 01226 715 000 or 0844 931 0022

Technical brick data for Capital Collection range:

Dimensional tolerance	Dimensional range	Durability against freeze/thaw	Active soluble salts content	Gross dry density
T2	R1	F2	S2	1500 kg/m³

Compressive strength (minimum)	Water absorption	Thermal conductivity	Dimensions (in mm)
40 N/mm²	Less than 10%	0.62 (50%) W/m.K 0.69 (90%) W/m.K	215 x 102.5 x 65 215 x 102.5 x 73*

*Available where indicated
