WELCOME TO PAVERS

We design our machine made pavers to be as individual as you are. Each paver is beautiful, durable and timeless; with the natural character our customers know and love. They come with a wide range of accessories too, so your paving always looks flawless.

Strength, durability and through-colour.
Imparting character and style.

Products are manufactured in accordance with the requirements of British Standard BS EN 1344, and in compliance with independently verified ISO 9001 Quality, ISO 14001 Environmental and ISO 50001 Energy Management Systems. Products also comply with the BES 6001 Responsible Sourcing standard. All of our products offer outstanding properties of total durability, being FPI100 rated and fully frost resistant.

65 MM SQUARE EDGE PAVERS

Unlike concrete, our clay pavers won't fade as they exhibit permanent 'through body' colours. They weather naturally and match our bricks beautifully. They're simple to maintain and resistant to staining by oils and petroleum spillages.
