

Elegant Hillside Manor living by Heronslea

Hillside Manor in Brookhill offers a wonderful opportunity to own a prestigious home amongst the beautiful, natural, leafy landscape of Harrow. With seven new build apartments to choose from, sitting adjacent to two distinguished, renovated listed houses, each home has been designed and finished to Heronslea's high standards and complemented by stunning views over the surrounding green belt environment.

Michelmersh's Handmade Charnwood 67mm Henley Red bricks in combination with handmade Antique Red roof tiles, form the striking make-up of these listed homes, with original diapered brick and curvilinear gable facade details, to give an instant impression of quality workmanship. The durable masonry materials that are selected for the development, along with their resilient endurance and thermal characteristics, create a building of lasting strength and longevity that will last for generations and is key to promoting sustainable building methods. The warm earthy clay tones complement the green hues of Hillside Manor's manicured grounds and surrounding open fields.

Created with 21st century living features, these luxury apartments offer the highest possible specification, with the convenience of being in a prestigious and well-connected location. Hillside Manor offers tranquillity in a variety of landscaped gardens, private balconies and beautiful communal grounds. Bentley Priory is only one mile away and the apartments are also located only 30 minutes from the centre of London.

Frank Hanna, Joint Chief Executive Officer of Michelmersh, commented: "Hillside Manor is yet another stunning example of how traditional brickwork can create so much appeal through beautifully created elevations on a fantastic development to offer a unique and contemporary living experience."

"We are delighted to be supplying Heronslea with a range of our durable bricks and tiles for a number of the Heronslea developments. As a leading developer of beautiful new homes in North London, North West London and the Home Counties, Heronslea has gained an impressive reputation for high quality standards, attention to detail, and excellent personal client service, which are all reasons why we are proud to have our bricks and roof tiles associated with the company."

The Heronslea Group's ethos is to provide beautiful, luxury homes to today's discerning buyers. Michelmersh is therefore proud to continuously supply natural, clay products to fulfil the prestigious developer's commitment to detail and exacting standards, which is second to none. It is this excellence which has cultivated their impressive reputation and you can expect to buy a home that you can be truly delighted to live in.
